Regarding: Lights in the Pines 2023 Event

Our Lights in the Pines committee has been operating under the Itasca County Agricultural Association for almost a year now. Some volunteers met with local businesses and did a lot of fundraising, while others have been arranging for entertainment and nightly help from non-profit groups.

The first order for light displays was sent off in February and the last light display for the 2023 show was just ordered. But the work is only started.

The volunteers are beginning the heavy lifting and they need you to be the Elves. As the Elves-in-Training are busy scurrying this way and that, they need all the help we can give them. As such, we are asking for small donations of $500 or $250 to assist with the pathway through the displays, the background lighting for some of the displays, and the directional and light display signs.

These items are some of what is needed to make this holiday light display one that will definitely put Grand Rapids on the map. Can we count on you to help?

Any amount will ease the pressure on our Elves. Please help make their job easier.

Thank you for helping bring about this great drive-through Lights in the Pines at the Itasca County Fairgrounds, 2023. More information is attached.
